

# CONSULTATION PROCESS

You have completed our client questionnaire - so what is next? The following roadmap will facilitate any ideas, needs and preferences you have, so our team has a complete understanding of what is important to you and your family. This process is designed to empower you to make an informed and confident decision before starting your build project.

## 1. Information Collection

What are your wants, needs and current home pain points? Any pertinent files and links should be shared via email.

## 4. Pricing and Feasibility Meeting

Time to discuss your projected feasibility range and scope based on our time of discovery. We will address any questions, concerns and make any adjustments, as needed.

## 2. Schedule Discovery Call

During this phone call or virtual meeting, our Client Advisor, familiar with your project, will do a deep dive in regards to your project's specific goals.

## 5. Signing of Design-Build Agreement

Agreement will be sent through Adobe Sign along with wire instructions to get your new build underway!

## 3. Location Visit

If an urgent decision is required, our team will visit your property to help determine next steps.

## 6. Design Kick-Off Meeting

You are officially part of the Paradigm family! Next steps will be to meet with our team to start the design of your new home!
